

COVID-19 Testing at Aaron Manor

Effective 2-26-21, Aaron Manor is able to offer COVID-19 tests on site for visitors who need one to meet the requirement for visitation. Visitors must indicate when they sign up if they require a test at Aaron Manor.

Visitors who need a test must arrive 30 minutes prior to their appointment to see their loved one. They may enter the building and complete their test. Visitors must then return to their vehicle and wait for results. This can take up to 20 minutes. Once the test shows a negative result, you may enter the building for your scheduled visit.

If you have any questions about this process, please contact your loved one's unit Social Worker or the Activity Director.
